Give the right impression

Promote customer relations with printed slogans that enhance the professional look of your organisation. Select advertising slogans to reinforce the communication to your customers.

Mix it up – IS-420c will sort it out

Fast, accurate weighing and franking. Using Differential Weighing, simply place all your mixed-weight mail on the weighing platform,

remove an envelope and the correct rate is calculated.

With Smart Start technology, each time an envelope is removed from the weighing platform, the powerfeeder starts and is ready to process mail or automatically dispense a postage label.

Pricing your mail has never been easier

Don't be confused by postal rates. Let the IS-420c Rate Wizard give you a hand so you don't have to be a postal expert.

Whatever rate you need is in the IS-420c. Save even more time by eliminating keystrokes when you select the mail class you need from the rate shortcuts menu.

From single envelopes to larger packages, you'll have the flexibility you need to weigh and manage your mail with ease.

Easy to use operational control

An intelligent operating panel puts even the occasional user in control with a simple-to-use navigational menu.

Eliminate errors and improve productivity with a host of smart functions and effortless menu prompts that deliver the extensive features of the IS-420c. Benefit by using the failsafe Rate Wizard – just like redialing a number on your mobile phone, and easy-to-use shortcut keys that save you time.

MAILMARK ENABLED

1. Smooth, powerfeed provides fast batch processing of envelopes. The extra power when you need it!
2. Integrated automatic label dispenser.
3. Space saving integrated 3kg weighing platform with Smart Start technology. External platforms are available with up to 30kg capacity.
4. Dashboard display provides operation overview and user-friendly prompts and menus.
5. Compact, extendable catch tray accommodates DL to C4 envelopes.
6. Shortcut keys ensure maximum efficiency.

Stay connected with LAN

Save time and increase efficiency by taking advantage of the LAN connection included as standard across the IS Range.

With the ability to connect to almost any network type automatically the constant connection allows for statistic uploads, rate change updates, recrediting, system upgrades and all other downloads to be completed with ease. Running securely via your internal network, the LAN connection removes the need to find and use a traditional analogue phone line.

Monitor, track and control postal Expenditure online

myneopost online services give you greater control over your mailing system and postal expenditures. The IS-420c connects to **myneopost** to help you manage your operations more efficiently.

Never run out of ink with Low Ink E-mail Alerts.

If you have to account for your mail, use **myneopost**. With convenient online access, you can even monitor postage activity, mail class, and department usage.

Mail accounting solutions that keep you in control

Optimising budget and effective costs control are expected in today's business environment. Neopost MAS delivers the detailed reports you need to track, analyse, allocate, forecast, and consolidate your mail processing activity by mail class, department, time-period and more, even from a distance.

You can establish budget by department and then monitor costs with automatic alerts or limits controlling overspending. Connect to a PC with Neopost MAS installed and you're never out of control.

Fast and efficient mail processing

Performance assured

- Ergonomically designed with whisper-quiet operation
- Powerfeed for fast batch processing
- Integrated or external weigh platforms
- Automatic label dispenser
- Differential weighing for fast, accurate processing

Efficiency optimised

- Smart Start technology eliminates keystrokes and saves time. Each time a mail piece is removed from the weigh platform, the system is set in motion
- Postal Rate Wizard, on hand assistance for the occasional user
- Shortcut keys and postal rate shortcuts for instant function selection
- Automatic date setting with time preset
- Download postage now, pay later with NeoFunds

Cost control

- PIN code protection helps you control usage
- Default rate setting helps eliminate accidental mis-posting
- Postage usage allocation by department or user
- Online access to postal usage by department and class

We've got you covered

Neopost customer support is there for you with our UK based contact centre and nationwide technicians who are ready to assist you. In fact, our dedication to providing you with world class customer satisfaction is so advanced that we offer automatic diagnostics with our IS product line. By uploading systems data, we will be alerted if you are having trouble.

With **myneopost**, this remote access to your system allows us to analyse the situation remotely and then fix it accordingly.

Eco-friendly, the upgraded Neopost IS range is designed to reduce your environmental footprint.

Being ISO 14001 (environmental) certified, Neopost will serve you according to the highest process, quality and environmental standards.
