Pricing your mail has never been easier

Don't be confused by postal rates. Let the IS-440 Rate Wizard give you a hand so you don't have to be a postal expert. Whatever rate you need is in the IS-440 and, save even more time by eliminating keystrokes when you select the mail class you need from the shortcut keys menu.

From single envelopes to larger packages, you'll have the edibility you need to weigh and manage your mail with ease.

Give the right impression

Promote customer relations with printed messages that enhance the professional look of your organisation. Select advertising slogans to reinforce the communication to your customers.

Easy to use operational control

An intelligent operating panel puts even the occasional user in control with a simple-to-use navigational menu.

Eliminate errors and improve productivity with a host of smart functions and effortless menu prompts that deliver the extensive features of the IS-440.

Mix it up – IS-440 will sort it out

Fast, accurate weighing and franking. Using Differential Weighing, simply place all your mixed weight mail on the weighing platform, remove an envelope and the correct rate is calculated.

The IS-440 is as ready as you are. With Smart Start technology, each time an envelope is removed from the weighing platform in Differential Weighing mode, the Auto Feeder starts and is ready to process mail or automatically dispense a label.

MAILMARK ENABLED

1. Automatic feeder quickly processes stacks of envelopes from 87mm x 125mm to 250mm x 325mm.
2. Integrated automatic label dispenser.
3. Differential weighing with Smart Start technology calculates and delivers the exact postage for each item removed from the scale.
4. Space saving integrated 3kg weighing platform and external platforms available with up to 30kg capacity.
5. Compact, extendable catch tray accommodates DL to C4 envelopes.
6. Dashboard display provides operation overview and user friendly prompts and menus.
7. Shortcut keys ensure maximum efficiency.

Monitor, track and control postal Expenditure online

If you have to account for your mail, use **myneopost**.

myneopost online services give you greater control over your mailing system and postal expenditure. The IS-440 connects to **myneopost** to help you manage your operations more efficiently.

Stay connected with LAN

Save time and increase efficiency by taking advantage of the LAN connection included as standard across the IS Range.

With the ability to connect to almost any network type automatically the constant connection allows for statistic uploads, rate change updates, recrediting, system upgrades and all other downloads to be completed with ease. Running securely via your internal network, the LAN connection removes the need to find and use a traditional analogue phone line.

Mail accounting solutions that keep you in control

Optimising budget and effective costs control are expected in today's business environment. Neopost MAS delivers the detailed reports you need to track, analyse, allocate, forecast, and consolidate your mail processing activity by mail class, department, time-period and more, even from a distance.

You can establish budget by department and then monitor costs with automatic alerts or limits controlling overspending. Connect to a PC with Neopost MAS installed and you're never out of control.

Move your mail with practical intelligence

Performance assured

- Ergonomically designed with whisper-quiet operation
- Auto feeder for fast, hands-free batch processing
