Why choose the Parcelsend Kit?

- ✓ Send and track all parcels sent via Royal Mail and Parcelforce.
- ✓ Weigh, compare service options & prices, print labels, track parcels and manage all your expenses within one application.
- ✓ Accurately weigh all parcels and avoid unwelcome surcharge payments.
- ✓ Benefit from the latest Royal Mail prices with further postage savings of up to 21% available vs stamps. Save up to 75% when sending with Parcelforce.*
- ✓ Benefit from using the latest Royal Mail Delivery Confirmation Service on all your standard parcels, at no extra cost.
- ✓ No more manual entry of forms, dockets or manifests.
- ✓ Import a list of your addresses with the online address book tool when sending parcels.
- ✓ Simplify label printing with the thermal label printer.
- ✓ Customise emails to alert your customers.
- ✓ Reduce time spent finding out status updates by using the tracking and automated system.
- ✓ Eliminate the need for minimum volumes and dedicated carrier accounts.
- ✓ Pay for all of your parcels with your existing franking machine Purchase Power account, enabling one simple consolidated payment for all your mail.
